PROFILE

I am Yusra Saleem, a passionate Full Stack Developer specializing in Next.js and TypeScript, with a solid foundation in both front-end and back-end development. I am dedicated to creating responsive, user-friendly web applications that enhance user experience and drive engagement. Alongside my technical skills, I have a strong background in digital marketing and social media management. I excel at crafting compelling marketing campaigns that resonate with audiences and effectively promote products and services. My goal is to leverage my technical expertise and marketing knowledge to deliver impactful solutions and contribute to a forward-thinking team.

WORK EXPERIENCE

E-Commerce Website

Tools Used: Next.js, TypeScript, Tailwind CSS, MongoDB

- Developed a fully functional e-commerce platform that allows users to browse products, manage their shopping cart, and complete purchases. Designed an intuitive admin panel for efficient product management and order tracking, enhancing user experience and operational efficiency.

Resume Builder Web APP

Tools Used: Next.js, Tailwind CSS, Typescript

- Created a resume builder application that enables users to design and download their resumes in a professional format. Focused on usability and aesthetics to ensure a smooth user experience.

Portfolio Website

Tools Used: TypeScript, HTML, CSS, JavaScript, Tailwind CSS

- Created a personal portfolio website to showcase my skills and projects. Focused on responsive design to ensure compatibility across all devices, utilizing modern design principles to create an engaging user experience.
